

## Call for an expert to analyse planned and implemented NETworking activities of SALTO`s and National agencies

The SALTO European Solidarity Corps Resource Centre (**SALTO ESC**) together with partners is looking for: An expert to conduct an analysis of networking activities planned and implemented by SALTO`s and National agencies

**Application deadline:** 19.8.2022, 23:59 CEST

### Background & need

Within SALTO ESC overall strategy we aim to provide effective support for NAs and regional SALTOs in the implementation to maximise the impact of the ESC. Being a hub of information, SALTO ESC offers space to explore the programme priorities and the different aspects of solidarity through regular staff trainings, provision of support and material to NAs. The quality implementation of the programme is supported by coordinated networking activities of NAs.

Due to the content and technical changes within the second programm generation of the European Solidarity Corps a stronger support in gaining an overview and have deeper insights in the NETworking activities of National agencies and SALTO`s is required.

In order to make better use of existing data and to make outcomes usable within our network SALTO ESC is looking for an expert to analyse the following:

- Analysis of planned international NET activities in 2021, 2022 based on the agreed indicators
- Analysis of implemented activities in 2021, 2022
- Identifying the data gaps
- Qualitative interviews with National agency colleagues to close the gaps and interpretate the data
- Ongoing updates and exchange with SALTO ESC RC.
- Analysis reporting
